Dear Mr. Dosovitskiy

I hope this email finds you well,

My name is Saeed Shurrab, a Data Science and Artificial Intelligence master student at Jordan University of Science and Technology.

I am working on a survey paper on self-supervised learning applications in medical imaging. I dedicated a part of my survey to the self-supervised learning methods in computer vision.

Among those methods I discussed in my survey is your paper:

Discriminative Unsupervised Feature Learning with Exemplar Convolutional Neural Networks

I need to include (Fig. 2. Several random transformations applied....) in your paper to my survey with the proper citation as an illustration of the method.

So, I need your permission to use this figure in my survey as-is.

Please give me your decision in this regard by replying to this email.

Looking forward to hearing from you soon.

Kind regards

Dear Mr Shurrab,

Please feel free to use the illustration, with proper attribution of course. Good luck with the survey!

Best,
Alexey
