Dear Mr. Komodakis
Dear Mr. Singh

I hope this email finds you well,

My name is Saeed Shurrab, a Data Science and Artificial Intelligence master student
at Jordan University of Science and Technology.

I am working on a survey paper on self-supervised learning applications in medical
imaging. I dedicated a part of my survey to the self-supervised learning methods in
computer vision.

Among those methods I discussed in my survey is your paper:

**UNSUPERVISED REPRESENTATION LEARNING BY PREDICTING IMAGE
ROTATIONS.**

I need to include (figure2: Illustration of the self-supervised task that....) in your paper
to my survey with the proper citation as an illustration of the method.

So, I need your permission to use this figure in my survey as-is.

Please give me your decision in this regard by replying to this email.

I tried several times to reach Mr. Gidaris but I did not get any response.

Looking forward to hearing from you soon.

Kind regards

Dear Saeed,

It would be no problem at all if you use the aforementioned figures in your paper.

Best regards,
Nikos
